

## WHEELER

**GRADES :** SJ, SL, SM, SN, SN PRO

10w - 30, 10w - 40, 20w - 40, 20w - 50, 15w - 50

**COLOURS :** GOLD, RED, GREEN

**PACKING :** 500ml upto 210Lit

### ROY ROYAL GOLD, RED 4T PLUS

Recommended for all type of motorcycle on Indian Road like HERO / HONDA / TVS / SUZUKI / BAJAJ etc. Roy Gold 4T JASO T903: API SL/JASO MA 2 is high performance engine oil for 4 stroke 2/3 wheelers. This oil is blended from high viscosity index base stocks and contains additives to meet the stated performance standards.

### ROY ROYAL GOLD, RED 4T PLUS

Recommended for all type of motorcycle on Indian Road like HERO / HONDA / TVS / SUZUKI / BAJAJ etc. Roy Dominator Sports 4T Plus API SJ / JASO MA 2 10W - 30 is high performance engine oil for 4 stroke 2/3 wheelers. This oil is a high viscosity index, 4 stroke engine oil.

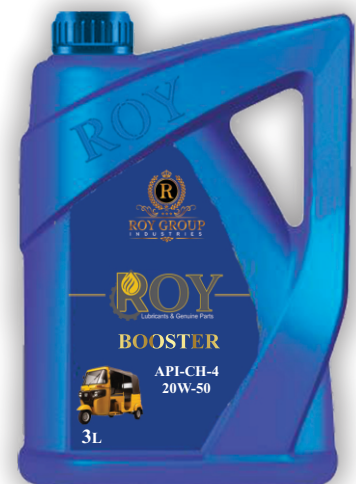

## WHEELER

Recommended To Appi, Bajaj, Mahendra,  
Atul, Teja, Tvs and All Three Wheelers  
Recommended Product

15w-40	CF-4
20w-40	CH-4
20w-50	CI-4
PACKING 1 Lit TO 210 Lit	

## WHEELER

Recomended To Maruthi, Tata,  
Mahindra, Ford, Hundai, Vox  
Vegan, Renault, Honda,  
Chevrolet, Fiat, Skoda and all  
Four Wheelers Recomonded  
Product.

<b>CF-4</b>	→	<b>15w-40</b>
<b>CH-4</b>	→	<b>20w-40</b>
<b>CI-4</b>	→	<b>20w-50</b>
		<b>15W-50</b>
		<b>5W -50</b>

**PACKING 1 Lit TO 210 Lit**

## AGRICULTURE OILS

### ROY ONE (GEAR) (API GL-4 SAE 80W)

Recommended for JOHN DEERE / HOLLAND / ESCORT/M&M / DEML etc. Aiser One (lo) Oil is carefully elaborated formula makes it appropriate for use in gearboxes, differential conic assemblies power take-offs, hydraulic systems, wet wakes (synthesized or compound) and clutches.

### ROY GREEN (API CF-4, CH - 4, CI - 4, 15W-40, 20W - 40, 20W - 50}

Recommended to meet the requirements of Sonalika, Tafe, Escort, Swaraj and Mahindra and Mahindra tractors. Roy Tractor Oils Multi grade Universal Tractor Oil specifically formulated to meet all the lubrication requirements of tractors. It has a high viscosity level and brilliant oxidation stability combined with good anti-wear and anti-weld properties.

### ROY MULTI GRADE, ROYAL GREEN (API SC/CC 20W-40)

Recommended for light Static Diesel Engine. Roy Multi Grade Oil is blended from highly refined base stocks and a mixture of anti-oxidant, anti-wear and anti-foam additives to meet the lubrication requirement of agriculture pump sets.

## AUTOMOTIVE OILS

### ROY DIAMOND

(API CF 20W-40)

Recommended to use in off road & on road diesel engines. ROY Powerade API CF 20W-40 is high performance diesel engine oil, which provides brilliant protection against corrosive wear in all types of diesel engines. This oil is appropriate for all seasons and retains high level of alkalinity during use.

### ROY PLATINUM

(API CI - 4, 15W - 40)

CI - 4 Diesel Engine Oil is designed especially for heavy-duty diesel engines with EGR system. ROY Titanium Plus / Elite API CI-4, 15W-40 specially developed for new generation heavy duty super & turbocharged diesel engine driven HCVs. It is made for high quality Group II and Group III base oils and selected additives. Being multigrade oil, it has wide ranging features, during use.

### ROY PLATINUM PLUS

(API CH - 4, 15W - 40)

They are specially designed for all type of HCV & LCV diesel engines like IATA/ASHOK LEYLAND / EICHER etc. Hiser TITANIUM PLUS, AP CH-4, 15W-40, is API certified, premium commercial multipurpose diesel engine oil. The oil is designed for the most severe performance requirements of new generation diesel engines for on and off highway operations. It assures excellent protection against high temperature engine deposits, oil degradation, oil thickening and corrosion resistance. The oil is having brilliant shear stability to maintain viscosity under harsh, high temperature operations. It exhibits excellent anti-oxidation and soot inhibition thickening and soot.

## CONSTRUCTION EQUIPMENT OIL

### ROY TRANSMISSION FLUID (ATF TASA)

Recommended for HM / VOLTAS / BEML etc. Riser Transmission Fluid ATF TASA is formulated to meet the General Motor's automatic transmission fluid Type A Suffix A specification. This fluid imparts anti-oxidation, anti-wear, dispersancy, defoaming and desired friction characteristics. Due to its high viscosity index and low pour point it assures quiet and smooth operation of hydraulic equipment under all climatic conditions. It is a fluid with low co-efficient of friction thus permitting clutch plates to engage slowly and gradually as the transmission shifts. The fluid is well matched with seal materials, generally used in transmission systems.

### ROY COOL

Recommended for use in radiators of trucks, tractors, earth movers, LCVs and cars. This is first-class quality synthetic radiator coolant formulated from environment friendly components. It is free from amines, borates, silicates and phosphates and possesses wonderful hard water stability.

### ROY HYDRO AW (VG 32 to 100)

Recommended for Earth moving Equipment e.g. JCB, Escorts, BEML. Riser Hydro AW oils are anti-wear hydraulic and circulation oils specially formulated for efficient lubrication of a wide variety of industrial equipment. Riser Hydro AW oils are blended from highly refined base stocks and carefully selected antioxidant, anti-wear, anti-rust and anti-foam additives.

**ROY GEL**

Recommended for the anti-friction bearings of all heavy duty commercial vehicles and industrial us. Recommended for use in Automotive Wheel bearing on all types of passenger, commercial Vehicles off highway & Machinery equipments.eristics.

**ROY AP - 3 PRIMA**

Recommended for the anti-friction bearings used in automobiles including HCV. Riser AP-3 PRIMA (NLGI 3) Grease is recommended to use in wheel bearings in automobile industries as well as it can also be used in all the applications in automobile and industrial applications. It has good water resistant properties as well as high shear stability, antirust property, good low temperature fluidity and antioxidant properties.

**ROY WB 70,000**

Recommended for wheel bearings of cars, trucks, buses etc. Riser WB 70,000 is a sodium based grease, developed from refined base stocks and advanced chemical additives to ensure high shear stability, anti-rust and anti-oxidant properties. This grease is formulated to give long service life to anti-friction bearing of light and heavy vehicles. It meets performance standard of 15 10647:83 specification.

**ROY GEAR OILS(API GL-4, SAE 90)**

Recommended for TATA/ASHOK LEYLAND/M&M/MARUTI/BEML/SWARAJ etc. Riser Gear Star API GL-4. SAE - 90 oils are extremne pressure automotive gear lubricants. These oils are blended from selected base stocks and include specific additive package to provide extreme pressure, anti-rust-corrosion characteristics.

**ROY GEAR STAR (API GL-4, SAE 140)**

Recommended for use in heavy-duty diesel engines trucks & Buses like TATA/ASHOK LEYLAND/EICHER etc. It is better-quality multi-purpose excessive pressure gear oil. This oil is designed for use in gear boxes requiring extreme pressure properties particularly for hypoid and bevel gears.

**ROY GEAR STAR TP (API GL-4, SAE 80W - 90)**

Recommended for TATA/ASHOK LEYLAND/M&M/MARUTI/BEML/SWARAJ etc. Riser Gear Star API GL-4, 80W- 90 is extreme pressure automotive gear oil. This oil is blended from preferred base stocks and contain special additives to provide extreme pressure characteristics for wear protection.

**ROY GEAR STAR TP (API GL-5, SAE 85W - 140)**

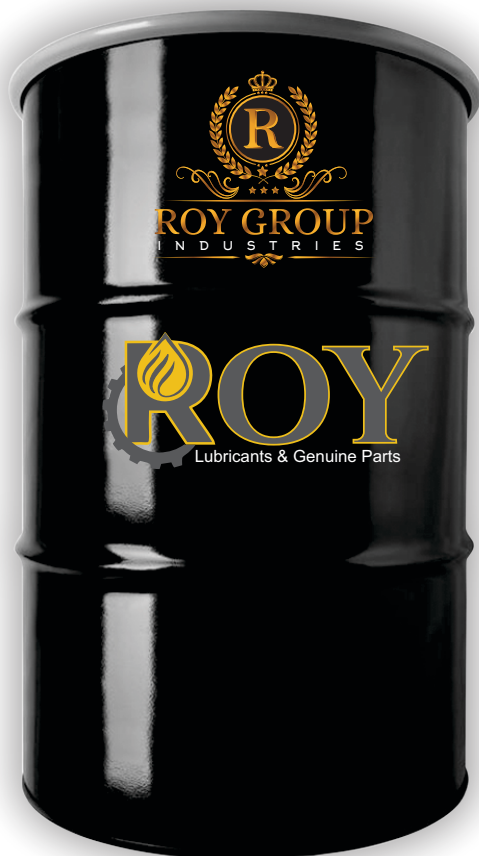

Recommended for TATA/ESCORT/M&M/MARUTI/BEML etc. Riser Gear Star API GL-5, 85W - 140 oil is a heavy duty multi graded special purpose gear lubricant. This oil is blended from selected base stocks and includes specific additive package to provide extreme pressure, anti-rust-corrosion characteristics.

## **INDUSTRIAL OIL & GREASE**

Offering a wide range of tailor made greases and oils for special industrial and automotive applications, Roy Industrial Oil & Grease stands ahead of its competition when it comes to both performance and choices.

### **INDUSTRIAL OIL**

Cutting Oils Compressor Oils Rust Preventive Oils Circulating & Hydraulic Oils (R&O Type/AW/HIGH VI HLP) Industrial Gear Oils Heat Transfer Oils C-4 SAE 10/30 Rizoway 10W Textile Oils & Knitting Oils Synthetic Oils Sugar Mill Roll Bearing Oils

### **INDUSTRIAL GREASE**

## Best in Class Synthetic & Petroleum Products

Exceptional structure embodies exceptional skills.

What makes us distinctive from our competition is our commitment to combine utmost functionality with best quality. And to achieve the same, we rely on our world-class infrastructure. Spread over acres, it possesses well equipped high-tech Q.C. & R/D labs with world-class testing equipment, managed by highly qualified chemists. Keeping a regular quality check on our products, our officials ensure that our customers get best-in-class quality material. Our ingeniously designed infrastructure has been designed to follow the world-class quality practices with the 'no-flaw' mindset, echoing our commitment towards providing quality solutions. While our world-class Contactors, Kettles, Milling houses, Deairators, Filters, automatic packing line etc. lets us achieve enhanced customer satisfaction and world-class quality standards, our basic oil storage capacity of 700 KL helps us cater to multiple clients at once. In brief, at Roy Group Petro Products 'exceptional structure embodies exceptional skills'.

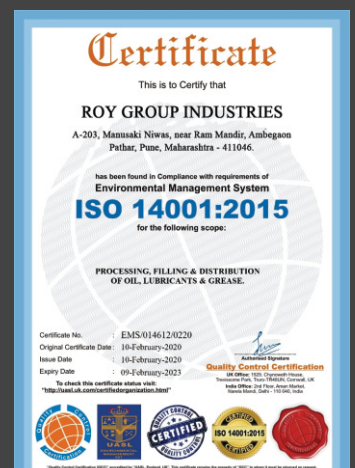

# CERTIFICATIONS

Innovation can contribute to the creation of a beautiful world. This philosophy has lead Roy Group Petro Products to receive many prestigious certifications while fueling its ambition to become the largest private label for grease and lubricant in India.
